Approved For Release 2001/03/06 : CIA-RDP86-00800R000100220028-4

We do not have a detailed Trylon Bill of Material or complete packing list, therefore we are not certain of the quantity of some miscellaneous items, i.e. equalizer plates, cable grips, bolts and nuts.

Neither of the inventoried Rhombic Towers Arrays have hinged bases or pulley arrangements for raising or lowering the antenna.

Yours very truly,
